(HOLLYWOOD, Fla.) September 16, 2011 - The Continental Group (TCG), a FirstService Residential Management company, announced today its participation in an extreme Home Makeover for the Center for Family and Child Enrichment, starting on Monday, Sept. 19th, 2011 and ending on Saturday, Sept. 24th, 2011. The extreme Home Makeover aims to renovate a foster home from the Center for Family and Child Enrichment, located in Miami.

TCG employee volunteers, with financial help, materials and supplies donated by TCG preferred vendors, will provide major improvements for a foster home where six teenagers reside. The employees will be working every day from Monday, Sept. 19th through Saturday, Sept. 24th to finish the project. The project will ensure that the renovated foster home provides a quality environment for the teenagers to live and enjoy.

“TCG is extremely proud to participate in this extreme Home Makeover for the Center for Family and Child Enrichment. It is an amazing opportunity for us to make a true difference for children who need our help,” said Hector Vargas, Vice President High-Rise of TCG. Vargas will be just one of many TCG volunteers working on the project that week.

The Center for Family and Child Enrichment has been improving the lives of children and families for over thirty years. During this time, they have calmed the fears of children who were alone and placed them in loving homes as well as counseled and guided troubled families, bettering parents in order to keep their children out of state care.

Industry vendors donating services and products to the extreme Home Makeover include Lukes-Sawgrass Landscape, Capital Painting Restoration Waterproofing, Spectrum Paint, Waste Management, Janis Services, Service America and Platinum Security.
